Space is limited.

Subiaco Academy **Shadow Day** March 8.
Spend a day on campus and explore.

Babies in the Womb are "Pre-Born" ...Not Unborn
With the knowledge and scientific understanding that life begins at fertilization, and that we are living human beings in the womb, why don't we *all* use the reference *preborn*? If we support life, and acknowledge that a child deserves our respect, support and protection while waiting comfortably in the womb until the birth process, why not give them the dignity they deserve and refer to them as *preborn*? Let's proclaim life accurately. Because now that we know the truth, referring to them as anything less is not only unkind, it is also uninformed.
