Abortion Removes the Unloved and Unwanted. Are we to value life only if it is "productive" or "useful" to us, or happens to be "in favor" at any given time? What about children who become "unwanted" after birth? Should we allow murder just because they are considered a "burden". The truth is that there is no justice in a system that allows innocent people to be harmed at the whim of others. Just as government has the responsibility and the right to prevent armed robbery, slavery and rape, it has the same responsibility and right to prevent the killing of innocent human beings, including those waiting to be born.
